Please describe the nature of your concern and, if possible, cite specific examples that will help us understand the context and scope of the situation (what, when, where, how):

Possible Solution(s): _____

At Compass Public Charter School, we believe in pro-active problem solving. It makes sense to start with the person closest to the situation, the one who is most able to assist you.

Issues that are appropriate to discuss with teachers are those specific to your individual child's homework, classroom assignments, behavior, etc. Issues regarding school operation or policy should be referred directly to the administrator.

1. I have talked to the classroom or specials teacher

Issues that are appropriate for board review are those that relate to school policy or issues not resolved through the designated levels.

3. I would like this issue reviewed by the Board of Directors.

Audience Participation: The public is invited and encouraged to attend board meetings. The Board of Directors is interested in receiving comments from the audience as they address each agenda item. There will be an opportunity provided within the agenda for “public input.” We would ask that you sign in for our records and indicate if you wish to speak to a specific agenda item. This is not a meeting for the audience to engage in debate with the Board; rather, it is a time for the audience to observe the discussion and action of the Board. The voice of our school community is highly regarded as the Board decides on issues.

If the public would like additional items on the agenda they must submit the items for agenda consideration to Compass Public Charter School, 10400 Overland Road, PMB 345, Boise, Idaho 83709 ten days in advance of the meeting. The regular meeting of the Board of Directors is held on the second Thursday of each month.
