# COMMUNITY SERVICE LOG

Compass was founded to develop servant leaders. What is a servant leader? It is a philosophy of leadership where the **servant-leader** shares power, puts the needs of others first and helps people develop and perform as highly as possible. Unfortunately, this style of leadership and the culture of giving associated with it is not encouraged or practiced consistently in society. We live in a society of “Me” rather than “We.” Compass strives to stand out from the norm by instilling the values of servant leadership and a culture of giving through our community service credit requirement.

9th and 10th grade students need to complete a total of 40 hours of community service each year, 20 hours per semester. Students receive credit for these hours and community service is graded and recorded on the student’s report card as a P/F (pass/fail). If a student receives an "F" for community service on their report card for either semester, the hours/credit will need to be made up as community service credit is a graduation requirement.

Community service doesn’t include family chores. Community service involves serving others, outside of your family, such as your church, youth organizations, school, etc. Here is a list of preferred service activities. Additionally, the individual overseeing/supervising you during the service activity must be the one to verify and sign for the hours served, not a parent.

| Date | Hours | Service Activity | Supervisor Signature |
